

Impact IB64X

64 Button DSS/BLF Console

IMPACT IB64X

Benefits Beyond Compare

The 64-button console puts afterburners on your office communications with one-look, one-touch call completion. Each button even offers additional programming capabilities for increased productivity. Our IB64X delivers:

- Simplified call screening and transfer
- Call status at-a-glance for greater call control
- One-button intercom to allow quick calling

Optimal Applications

- Receptionists
- System Attendants
- Executive Secretaries

COMDIAL®
The Rising Star

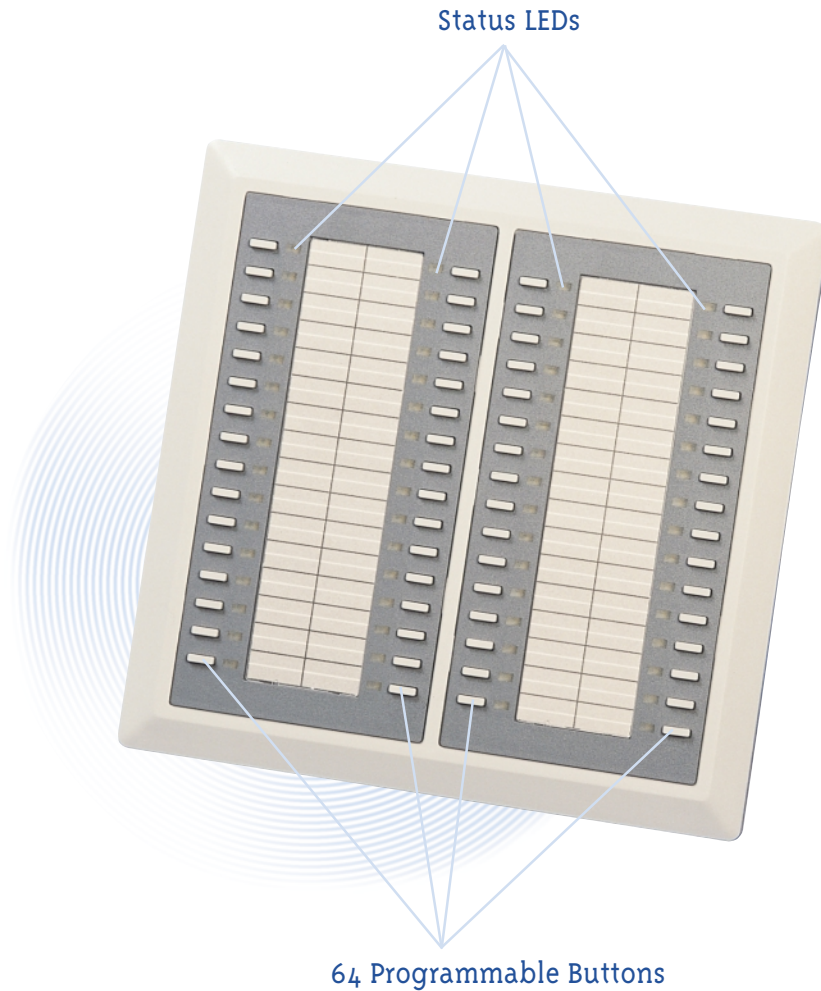

Compatibility

The console provides Direct Station Selection (DSS) Intercom and associated Busy Lamp Field (BLF).

The IB64X is designed to work with these Impact telephones:

- 8024S
